X	KV, CBSE Board	10	2016

TECHNICAL SKILLS

Programming Languages:

- **JavaScript**

- **C/C++**

Web Technologies & Tools:

- **React**

- **NodeJs (Express)**

- MongoDB/MySql

- HTML/CSS

- Git, Bash, **Vim**

ACADEMIC PROJECTS

REST Countries

Made a frontend website which uses REST Countries API to collect data about different countries and gives option to sort countries by continent. Also contains a display page for more details about each country and has a beautiful color theme switcher
View project at : https://github.com/HARSH-SHETH/REST_Countries_API

URL Shortener

Built a URL Shortener site which takes a url and gives back a shortened url to the user.
